Our Message

"We can't change the destination, but we can affect the journey."

Mission

We provide our patients and their families excellence in hospice and palliative care services with a unique, innovative and compassionate care plan where dignity, comfort, and quality of care are our priorities.

Vision

Together we can provide innovative ways to improve the quality of life of the communities we serve, during the time when you need it the most.

26+ Years of Experience

With over 26 years of experience. We stand by the belief, to achieve high-quality, compassionate care we need to be involved in the community and are in touch with the individual needs of every patient and their family.

Services

OpusCare offers Palliative and Hospice care services. The palliative and hospice care program are focused on providing our patients a better quality of life and focused care. Our services are provided with comfort and dignity from the patient's home, hospital, skilled nursing facility, or assisted living facility.

Teamwork

Our philosophy is centered around teamwork. The work ethic, passion, and dedication of our team transcend through the service we provide to our patients and their families. Each patient is assigned a Physician, Nurse, CNA (Certified Nursing Assistant), Social Worker, Chaplain/Spiritual Counselor and a Bereavement coordinator to assure all the patient and family needs are met.

Quality Standards

As the fastest growing Palliative and Hospice Care company we are proud to score above the national average in 14 out of 15 of the Quality Measures Report as reported by CMS (Center for Medicare and Medicaid Services).

Why OpusCare?
